Lions Upset 20-30 As Interest Gains In Local Tourney

Wolverines Lose Two In Weekend; To Be Here Friday

The fast-improving Lions Club five picked up a 58 to 45 win over the 20-30 Club in City League play last Monday night. The Lions were paced by the accurate shooting of Con Briner, who tossed in 30 points for the night to lead all scoring. Russ York was high for the losers with 13. The winners got away to a 14 to 11 first quarter lead and were never in trouble from that point on.

In the night-cap, the American Legion regained a first place tie in City League play by clouting the Donner Club 65 to 49. Al Wakefield, Legion forward, took game honors for the night with a 34-point production. Ray Dixon led the barmen with 19.

The St. Louis Cafe left the Tel-Cos. still looking for its first win in league play last Thursday night as the cafe five won 41 to 38. Joe Copeland led the St. Louis team with 15 points while Dale Freeland was high man for the losers with 14.

The second contest of the evening saw the 20-30 Club edge the City League all-stars 40 to 38. Willie Curran led the winners with 12 points. Humbert Ciardella and Jack White shared game scoring honors for the All-Stars with 13 points each.

The second-round of play will get under way tonight when the Tel-Cos meet the 20-30 Club in the early game and the Donner Club tangles with the St. Louis Cafe in the late affair.

Next Monday night, the Lions Club will be after their third victory when they take on the American Legion in the 7 p.m. opener. The late game will find the St. Louis Cafe team meeting the 20-30 Club.

League Standings

Team—	W.	L.	Pct.
20-30 Club	4	1	.800
American Legion	4	1	.800
Donner Club	3	2	.600
St. Louis Cafe	2	3	.400
Lions Club	2	3	.400
Tel-Cos	0	5	.000

The Tahoe-Truckee Wolverines suffered two conference losses last weekend as they met the top teams of the Western Nevada "A" Division.

Friday night's visitors from Carson City handed the locals a 67 to 35 set-back, and Saturday night the host club from Lovelock worked smoothly for a 60 to 39 win.

The Carson City squad, undefeated in conference play this year, were led by their fine forward, Duke Moose, who totaled 18 points, and their big pivot man Johnson, who dumped in 20 points for the winners. The Wolverine scoring was shared by three boys, each with 8 counters; Jack Van Hooser, Aaron Thomas and Stan Rasmussen. The game, though one-sided, showed definite improvement on the part of the Wolverines.

The halftime score saw the Senators leading by only 11 points, 29 to 18. The third period, however, was the turning point as the visitors rolled up a commanding lead, 47 to 26, and were never seriously threatened thereafter.

Saturday's tilt saw the Lovelock first team start with a rush and with the game only three minutes old, the Wolverines were trailing 13 to 2. At the intermission the home team led 34 to 19 off the fine shooting and driving of Morgan, Sparks and Ollie Chico, who totaled 16, 13 and 10 points respectively.

For the Wolverines, it was Mike Vieu leading the scoring with 10 points, followed by Jack Van Hooser with 8.

The Tahoe-Truckee Cubs, for the first time this season, failed to produce a win in a weekend series, as they dropped a 44 to 17 decision to the Carson Juniors, and then were set down, 25 to 31, by the Lovelock JV team.

The Cubs could never get any type of scoring going Friday night, which saw Floyd Cooper emerge as high point man with only 4 points. Saturday night's tilt was a very low scoring affair, with Lovelock leading by 13 to 4 at halftime. Floyd Cooper was once again high man for the Cubs as he connected for 7 points.

Friday night—Douglas here.
Saturday night—Stewart there.
Conference games.

Ronnie Rau Injured In Skiing Accident

Ronnie Rau of Soda Springs, one of Tahoe-Truckee High School's star skiers, is in the Tahoe Forest Hospital with both bones in his lower right leg fractured as the result of a skiing accident last Thursday. Dr. L. D. Nelson who treated him, said he will not be back on skiis this season.

Sportsmen Decide Tonight On Plan To Occupy Land

At a meeting of the Truckee Outdoor Sportsmen at Capitol Hall this evening at 7:30, members will be asked to discuss the proposition setforth by J. E. Joerger relative to the club taking over the land he controls south of here during the deer season this fall.

Charles Osburn, president of the club, said Joerger had offered the hunting privileges on his property for an annual fee of 15 cents per acre, with the club assuming all responsibility for stock and land damaged by the hunters.

Assuming that the area is 10,000 acres, the cost to be assumed by the club would run $1500. The possibility of local members raising this sum is questionable, Osburn said.

Films of the salmon run in the Frazer river in Alaska and refreshments will top the evening's program and all members and sportsmen are asked to attend.

FORMER TRUCKEE WOMAN DIES IN NORTH FROM BURN

Funeral services were held at Weaverville, Trinity County, this week for Mrs. Gerald Crew, 33, of Douglas City, who died Saturday as the result of burns suffered Jannary 10 at her home.

Mrs. Crew was well known here where she lived with her husband, a logging contractor, and their four small children for two years. The family left here for Trinity County last year.

The victim expired in the Trinity General Hospital.

Mrs. Crew suffered fatal burns when her housecoat caught fire when she attempted to put a log on the fire at her home.

FBI OFFICIAL TALKS AT TAHOE MEETING

KINGS BEACH—A joint meeting of the Brockway and Tahoe City Rotary Clubs was held on Monday evening in the Crystal Bay Club and was presided over by Asa Abbott, president of the Brockway Club.

A special feature of the meeting was a talk by James Tanner from the Federal Bureau of Investigation in Sacramento.

Tanner's topic was "Finger Printing as a Means of Identification and the Apprehension of Felons." He stated that through this means 12,000 to 15,000 felons were apprehended during last year. Also that members of the bureau are helped greatly by the cooperation of all law enforcement agencies, such as local authorities. His talk was most interesting and instructive and gave much room for thought.

The Brockway Club voted to donate a substantial sum to the March of Dimes benefit show, which will be given on February 9 at the Brockway Theater in Kings Beach. The money given at the show will be used for the purchase of serum for the innoculation of all small children in the North Tahoe area against polio.

Bill Conners, president of the Tahoe City Club spoke on the forming of a committee in this area for the purpose of raising a fund to help finance the Olympic games committee, which will hold their meeting during June in Europe This fund to be used for obtaining the Olympic games at Squaw Valley in 1960.

On Monday night, January 24 the members of the Brockway Club entertained their ladies with a duck dinner, held in the Crystal Bay Club. This was a most enjoyable occasion to which there were about 40 persons present.

Accident Commission Will Hold Hearings

The Industrial Accident Commission will hold hearings on industrial injury cases at Judge Wilson's courtroom, Truckee, beginning Tuesday.

Cases to be heard include: Wray vs. John Bosche and Ferguson vs. Truckee Lumber Co., Sierra Logging Co., Pete Glenos and Arthur Scaramore.

New Fire House Plan Will Occupy Department Meet

Building Would House All Three Trucks With Equipment

Plans to enlarge the fire station here to accommodate at least three pieces of equipment will be made when the Truckee Volunteer Fire Department meets Tuesday evening.

Chief N. F. Dolley said the present fire house at the east end of the main street, will be rebuilt, if the plan meets with the approval of the firemen and commissioners, so that the present truck and a new one expected in the near future, as well as the rescue unit can be parked adequately.

The new truck, completely equipped with all the latest fire fighting necessities was ordered last year and is expected early this month.

Dolley said the firemen hope to salvage much of the present small building and possibly will leave the living quarters and meeting room intact at the rear of the station, broadening and enlarging only the front portion to meet current needs.

At the present time the rescue unit must be stored in a private garage or left out of doors, the small station being barely large enough to house the present truck and equipment.

Welch, Neugebauer To Sponsor Valentine Show For Youngsters

Hal Welch of the St. Louis Cafe and Jack Neugebauer, manager of Donner Theater were in San Francisco this week booking pictures for the free Valentine party being jointly sponsored by the two men at the theater Saturday, February 12 for the children of this entire region.

Principal attraction will be the showing of "Stormy the Horse," to be followed by a series of cartoons. The participants will be issued Valentine candy and a good time is promised all attending.

Valentine's Day is not until February 14, but the show is being held the preceding Saturday afternoon at 1 p.m. to give all a chance to attend.

Neugebauer said the results of the show may determine whether or not he will attempt to hold regular Saturday matinees.

DAVID COOK JOINS NAVY FOR SERVICE

David Arthur Cook, 18, of Truckee, was sworn into the U. S. Navy on January 25 in San Francisco for four years.

He is the son of Mr. and Mrs. Arthur B. Cook of Truckee. Young Cook graduated from high school in Sacramento and was enrolled at the University of Nevada at the time of his enlistment.

Immediately after being sworn in David left by air for San Diego, where he will undergo nine weeks of recruit training at the Naval Training Center located in that city. Upon completion of his training he will be granted 14 days leave to visit family and friends prior to being assigned to a regular naval establishment.

Liane Kay Honored With Birthday Party

Liane celebrated her eighth birth date on February 1 at a party given by her parents, Mr. and Mrs. Charles Kay. Pretty packages were opened and games were played before refreshments which followed the St. Valentine motif were served.

Friends joining the small honoree on the occasion were: Kathy Street, Diane Cardinal, Leilani and Kathy Braasch, Marcia Leamon, Jean Wakefield, Anne Morey, Karen Walker, Lynn Quartly, Joanne and Gary Costa, Quinton Kay and her grandmother, Mrs. Caroline Kay who is visiting from Utah.

JOIN THE MARCH OF DIMES

SUNBEAMS

By WALTER M. BARRETT

Boy Scout Week—February 6 to 12—making the 45th birthday of the organization, is worthy of more than passing note. There are thousands of young men throughout the nation who will be better citizens because of Scouting and we feel that active participation in such groups does more to minumize so-called juvenile delinquency than any other group program. In saluting the Boy Scouts, the Cub Scouts and allied clubs, we also pay sincere respects to their leaders—those men and women who give freely of their time and talents in an unselfish effort to build boys into straight, strong men, the leaders of tomorrow.

* * *

One example of how the home-town dollar does double and even multiple duty if spent at home, was shown here the other day when a clerk in a store paid a customer a small bill. The customer, another businessman, immediately spent the amount received with the store where the clerk was employed. The amount was applied on the clerk's salary, going right back to where it started without loss and providing all those who handled it with a profit and gain Had this sum been spent out of town its chances of ever being returned would be slim indeed. This is only one small example of the benefits of home-town trading, but it clearly points out an undisputed fact—trading at home makes a better town for everyone in that town.

Florsiton Cubs Make Progress On Project

FLORISTON—Den No. 1 of the Cub Scouts was not able to attend the Pack meeting last week but report progress in their railroad activities. They have been studying cars and each boy made and painted two.

Salvador Cabrera made the mail and caboose cars, Rod Leisure the engine and tank car, Dick Ingalls, the gondola cars and David Ayala the box car and tenders.

The Den has written the Southern Pacific Company requesting that trains whistle at the Floriston foot crossing especially during daylight hours for the protection of the children using that thoroughfare.

Baker Wins Sugar Bowl Meet But Loses Trophy

SUGAR BOWL—Fastest time of the Sugar Bowl's annual downhill only race was set Sunday by Jim Baker, Squaw Valley ski instructor, in a run off Mount Disney in snow that skiers called "not too fast."

A large crowd was on hand for the traditional race, however, for which the Downhill Only Ski Club of Wengen, Switzerland, a group of British skiers has supplied a perpetual trophy for Sugar Bowl sportsmen.

Because names of amateurs only are engraved on the trophy, that honor went to second place Vance Burcham, Ski Club Avalanche of Los Angeles. Third was Bill Briner. Squaw Valley ski instructor; fourth was Herb Blatt, amateur with the Peninsula Ski Club, and fifth, Jim Nicklos, Sugar Bowl instructor.

Truckee Court Collects Large Share Of Fines

Of the total of $4891 collected and turned in to County Treasurer Elma Hecker from the three Nevada County Judicial District Courts, $3,235.75, or about two-thirds came from the Truckee court during January.

Judge C. A. Morehouse of the Grass Valley Court turned in $1,259.50, while Judge George W. Gildersleeve of Nevada City collected a total of $396.57.

Olympic Bob Sled Races Slated For Area During 1958

Work Continues To Bring 1960 Winter Games To Region

The International Bobsled Federation (FIBT) has awarded the 1958 world championship to Squaw Valley, Associated Press reported from Switzerland. Calling from St. Moritz, where the awarding took place, Squaw Valley President Alex Cushing said he will meet with the International Committee today in an effort to iron out details.

At present, Squaw Valley is without a bobsled run but when Cushing returns from Europe the middle of February, he will bring an outstanding engineer to design a bobsled course which will assure world-wide superiority.

The bobsled run takes on added importance in view of the fact that Squaw Valley is a bidder for the winter Olympics of 1960. A pretested and proven course is a prerequisite for the winter Olympics as are ski jumps, indoor and outdoor skating facilities and slalom and downhill courses.

In an all-out attempt to win the 1960 winter games, the California State Senate recently passed a bill whereby Squaw Valley, if a successful bidder for the 1960 games, would be given a financial assist of $1,000,000. The bill called also for Governor Knight to name a statewide committee to cooperate with officials conducting the events.

A special committee, financed by private funds, will travel to Paris in June to seek an audience with the International Olympic Committee. Several European ski capitals will be presenting their bids at the same meeting.

BENEFITS ADD TO POLIO FUND HERE

Roy Waters, chairman for the March of Dimes in this district, reported today that the fund had been swelled by $76 as a result of a benefit dance sponsored by Crandlal Brothres at Hill Top Lodge last week.

The second benefit—the Truckee Athletic Club's twin bill basketball contest at the high school gym Monday night added another $27 to the fund.

Despite these liberal contributions, however, the drive is lagging, Waters said, in urging that last-minute contributions be made at once to keep Truckee from dropping under its usual fine response.

Leonard Vind Feted With Birthday Party

Mrs. Charles Vind, assisted by Mrs. William Englehart, Jr. entertained last Thursday in honor of the sixth birthday of Leonard Vind. Small guests who shared the afternoon's festivities were Gail Englehart, Kathy Braasch, Susan Olano, Bruce King, Garry and Billy Waters, Don Whiteneck, Tim McLane, Judy Westcoatt, Cheryl Rockholm.

Food Sale Planned By Tahoe City Women

TAHOE CITY — Mesdames Robert McLane, R. Snyder, J. Grinstead are heading a committee of women preparing for the food sale to be held in Jack's and Dinty's Store Saturday, February 5 between the hours of 11 and 2 at Tahoe City for the benefit of the Tahoe Lake School.

Home-made hot dishes as well as tasty cakes and pies will be on sale and the group is working to make it a financial success.

Charges Against Local Man Dropped In Court

Charges against Lloyd Payton, Truckee, were dismissed last week after an investigation by District Attorney Vernon Stoll of accusations made by Deputy Sheriff Roy Waters and Constable N. F. Dolley that Payton was contributing to the delinquency of minors.

Local Man, With Unusual Team Is Attraction In North

The principal newspapers in Alaska are giving more than passing attention to Truckee's Lloyd Van Sickle and his racing dogs which placed first in a field of 18 teams in the season's first race in the northland earlier this month.

The News-Miner of Fairbanks, "America's fartherest north daily newspaper," played the story up with a four column picture of Van Sickle's achievement on the front page, while the banner on the sports page proclaimed in an 8-column banner headline: "California Musher Wins First Preliminary Race."

Van's time over the 10.4 mile trail, soft with fresh snow was 58 minutes, 12 seconds.

Editorially, too the newspapers were generous to the local musher. One writer described it this way:

"Well, the Californian came to Fairbanks and didn't want any publicity but his team of Targhee hounds, one of the strangest looking teams to ever race here, showed their cropped tails to the huskies yesterday and went back to their barn with the first win in the local dog sled races.

"Lloyd Van Sickle's team might have looked odd with their ears flapping and short tails to the Alaskans, but they knew how to run and finished in much better shape than the local dogs.

"We don't know, but it appears to be long way for a man and his family to come to lose races, so maybe Van Sickle's name will continue to lead the list of money winners in the future."

Mr. and Mrs. Van Sickle and their children and 18 sled dogs are spending the winter in Alaska having driven up by truck to participate in the races in the north.

Van Sickle is many times U. S. champion and his work with racing dogs is known almost worldwide.

LOCAL RACERS FARE WELL IN SKI MEET

Truckee Athletic Club racers scored well and gained numerous places in the downhill races held at the Sugar Bowl on Sunday. Best team scoring was in the "C" class division where Truckee placed five men in the top fifteen.

Jerry Quam, racing for the first time this season, surprised many by garnering a second place in this class in a field of approximately 30 men. Others placing for Truckee were Noel Cox, Herb Copeland, Jim Lystrom, Jim Wiggins, and Jack Lambries, in that order.

Billy Campbell, veteran local racer in this area, gained a well-earned seventh place in "A" class, bolstered by many top bay area racers, while Norm Sayler and H. L. Anderes were getting fifth and ninth place berths in the "B" class division. Both Campbell and Sayler have been placing well and consistently for Truckee in all meets thus far.

The club which sponsors this team, the basketball games at the high school and other functions, is currently on its annual membership drive and hopes that all the local merchants and people will lend their support to this drive. Memberships are $5 and give free admission to most club functions.

Cranfords Leaving To Reside In Sacramento

Mr. and Mrs. Lloyd Cranford, who are moving from Truckee to Sacramento this week, will be feted this evening at a potluck supper and presented with a special cake at the home of Mr. and Mrs. D. L. McGihon when about 35 local friends will bid them farewell.

Cranford will continue his position as supervisor for the California State Department of Agriculture Quarantine Station, with headquartres in the capital city.

CLUB TO MEET

The Squaw Valley-Lake Tahoe Ski Club will hold it's regular meeting tomorrow evening, February 4 in the Community Center at Tahoe City. All who are interested in the organization are asked to attend.

Hut At Homewood Destroyed During Fire Last Sunday

Department Saves Cabins As Popular Resort Is Burned

HOMEWOOD—The Hut, one of this district's most widely known and popular resorts, was completely destroyed by fire at noon Sunday with a loss estimated in excess of $30,000.

Cause of the conflagration remains unknown. The premises had been unoccupied for some time and the owners, Mr. and Mrs Edgar Myers have been spending the winter months at Reno.

When first discovered, the fire had gained such headway in the two-story restaurant, bar and apartment, that only a hole in the snow marked the spot a short time later The Tahoe City Fire Department, under the direction of Chief Al Henry was summoned but could do no more than save the surrounding resort cabins.

The Hut recently was equipped with an overhead sprinkling system to prevent just such a fire but the water was shut off during the winter to prevent freezing and so it was useless at the time.

The upper portion of the building housed the Myers' apartment which was completely and rather elaborately furnished. In the cocktail lounge and restaurant, much of the furnishings were antiques and valuable pieces. Personal effects as well as furnishings were lost to a piece.

Only a small portion of the loss was covered by insurance. None of the six tourist cabins were damaged.

Friends and neighbors of the owners expressed regrets and are hopeful that the Myers will rebuild.

POLIO BENEFIT TO BE HELD WED. AT BROCKWAY SHOW

On Wednesday night, February 9 a Polio Benefit Show will be given at the Brockway Theatre, Kings Beach. This will be a talent show, with entertainers coming from the entertainment spots in Reno.

Admission will be by donation only, and all proceeds will be used for the purchasing of serum which will be used for the innoculation of the small children in the North Tahoe area.

Tom Lucas, owner of the theater, is donating its use in order to make the polio drive in this community a success. The show is sponsored jointly by Lucas and Ray Plunkett of Crystal Bay Club.

PTA FOUNDER DAY PROGRAM FEB. 14

A special Founders Day program, with Lynn Kishbaugh as chairman will be given at the February 14 meeting of the Truckee Elementary School Parents and Teachers Association.

Mrs. Gilbert Kumle will preside and Mrs. Edward Frates has been named chairman of the committee to serve refreshments.

Nurse Praises Work At Local Hospital

Highest praises for the efficient practices comfortable quarters and fine service at the Tahoe Forest Hospital were expressed by Mrs. L. D. Nelson, who has been released from the institution after undergoing treatment there for several days.

Mrs. Nelson, a registered nurse, who has spent much time in hospitals both as a patient and nurse, said the service and treatment here equals or surpasses the usual hospital.

Gene McGihon Feted With Birthday Party

Gene, son of Mr. and Mrs. D. L. McGihon, became 10 years of age on January 28 and the event was celebrated with games, presents and refreshments.

Those invited were Quinton Kay, Terry Walker, Barry Leamon, Joe Straub, Charles Glenn, Daven Morey, Joe Parkhurst.

Julianne Bechdolt Is Hurt In Ski Accident

Julianne, 7-year-old daughter of Mr. and Mrs. William Bechdolt of Tahoe City, was taken to Tahoe Forest Hospital where she underwent treatment for a broken leg, sustained while skiing last weekend. She is being attended by Dr. L. D. Nelson.

NATIONAL FOREST TIMBER FOR SALE

Sealed bids will be received by the Forest Supervisor, United States Forest Service, Nevada City, California, up to and and including 2:00 p. m., February 21, 1955, for all the live or recently killed (sound sapwood) timber marked or designated for cutting, located on an area embracing about 80 acres within Section 12, T 19 N, R 14 E, and Section 5, T 19 N, R 15 E, MDM, Tahoe National Forest, California, estimated to be 400 M feet b. m., more or less of ponderosa pine, white fir and red fir. The appraised value of this timber according to long term normal market and operating conditions is $17.50 per M feet b. m. for ponderosa pine and $3.00 per M feet b. m. for white fir and red fir. No bid will be considered which is less than these rates as a base rate applicable to the entire period of the sale agreement, plus an additional amount of at least $17.50 per M feet b. m. for ponderosa pine and $3.90 per M feet b. m. for red and white fir, which additional amounts shall be subject to quarterly sliding scale adjustment upward or downward by 0.4 of the difference between the base index determined as set forth below and the average of the Western Pine Association lumber price indexes as calculated by the Forest Service at the end of each quarter. Such adjustment in the additional amounts for stumpage shall be applicable to timber cut and scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the adjusted stumpage rates be less than the basic appraised rates first stated above. The base index for this sale is the arithmetic average of the Western Pine Association lumber price indexes for the months of October, November, and December, 1951. In addition, the purchaser will be required to make deposits to cover the cost of hazard reduction work on this sale area at the rate of $0.15 per M feet b. m. for all merchantable live or recently killed (sound sapwood) material scaled. In addition there is an unestimted merchantable volume of older dead (unsound sapwood) timber on the above described area, the removal of which will be required at the following rates:- $17.00 per M feet b. m. for ponderosa pine and $3.00 per M feet b. m. for white fir and red fir. These rates will not be subect to quarterly calendar adjustment. $500.00 must accompany each bid to be applied to the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the timber. the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor. Nevada City, California, or the District Ranger, Sierraville, California.

Deer Herds Remain At High Level Despite Heavy Kill In 1954

In spite of last fall's record deer kill, California herds remain at high levels and there are more than enough bucks to insure successful breeding, a Department of Fish and Game survey of deer management units shows.

The regular post season herd counts also showed that the ratio of bucks to does is quite high in many cases.

During the count a record of 14,800 deer were counted and classified as to bucks, does and fawns. In the Devil's Garden, Glass Mountain and Warner Mountains herds in Modoc County, more than 1000 deer were classified in each herd. The same was true for the Doyle herd.

The number of bucks per 100 does ranged all the way from 12 for the Bogus Mountain herd in Siskiyou County, to 71 for the Pilot Peak herd in Mariposa County.

Insurance Man Named On State Personnel Board

SACRAMENTO (CNS)—Appointment of Glenn R. Baker, San Jose, as a member of the state personnel board, was announced by Gov. Goodwin J. Knight.

Banker, an insurance man, succeeds Dr. Benjamin E. Mallary, Orinda, whose term of office has expired. Dr. Mallary has been on the state personnel board since the governorship term of Culbert L. Olson, who appointed him originally.

The new board member is a native of Oakland, and prior to going into the insurance business, was engaged in banking. He is also a rancher, owning a ranch in Madera County.

Bond Purchase Shows Increase In County

United States Savings Bonds purchased in Nevada County for the year of 1954 totaled $234,525 as compared with $151,677 for 1953, it was announced by J. C. Tyrell, county chairman of the savings bonds program. Sales of the new Series H Bond accounted for $51,000 of this total for 1954 in comparison with $14,500 the year before.

"The Series H Bond is becoming increasingly popular with people in all income brackets who desire interest paid twice a year rather than accumulated and paid at maturity," he stated. "It has been most gratifying to see the increase in Series H sales during this last year, which is largely the result of a special drive conducted throughout the county the last three months of the year. The work of volunteers, bankers and investment dealers is responsible for this splendid sales record."

KNOX FIRM FINED FOR TREE CUTTING

Judge Earl B. Schueller of Foresthill, acting judge for the Colfax-Alta Judicial District last Thursday imposed a $25 fine against the Knox Christmas Tree Company for failure to file on a required date a notarized bill of sale on trees cut by the company.

The complaint against the company was entered last November 23 by Tahoe National Forestry officials. Evidence was shown the court that the bill of sale was filed late.

EXTEND SESSIONS

SACRAMENTO (CNS)—A constitutional amendment by Assemblyman Edward E. Elliott, Los Angeles, has been proposed in the legislature which would extend general legislative sessions from the present 120 days to 180 days and budget sessions from 30 to 90 days.

Tahoe-Truckee School District News

HIGH SCHOOL

Tuesday, many of the high school students went to the Donner Theatre where they saw the MGM production of Julius Caesar. The school provided the transportation and sponsored the affair. All those who attended felt it a very worth while experience.

Scheduled for this weekend are basketball games with Douglas and Stewart. Friday night, February 4, the Wolverines play host to the Douglas Tigers, and Saturday night all three Wolverine squads travel to Stewart. The girls game will start there at 4 p.m.

Also, this weekend, the Wolverine Ski team will travel to Bijou where South Tahoe High School will act as host to the conference teams for a one-day jumping and cross country meet. Those who will represent Tahoe-Truckee are: Lewis Fellows, Dick Mandeville, Gary Anderson, Kit Schull, Fred Wofford, and Jim Harris.

DONNER TRAIL

We have fully completed cutting from plywood our complete map of our American neighbors. We will put the map on a large sheet of plywood and put it together with the aid of our maps from our text books. We want to thank Jimmy Schull for the use of his power saw. In the text we are now beginning the study of the middle American countries.

In our smaller group of children we have been learning the months of the year as well as the days of the week and the number of days in each.

TRUCKEE ELEMENTARY

Kindergarten: Various members of our class have been reading to the others. Our readers for this week were: Karen Hedlund, Susanne Olano, Bill Waters, and Timmy McLane. Lenny Vind celebrated his sixth birthday at school on Thursday. Janice Baysinger left Wednesday to reside in Mill Valley with her family.

First Grade (Mrs. Bissett's): For additional practice oral reading, everyone in our class visited the first, second, and third grades and read stories from our readers. John Goldsmith, Dennis Richards, Douglas Nelson, and Courtney Lewis began new books this week.

First Grade (Mrs. Croxen's): All of the reading groups are in new books since the last report. They include: Joanne Costa, Joe Frates, Charles Hintz and Dawn Maynard, Margo Morales and Gilbert Herendez. Ricky Ralphs, Diana Pankoke, Claudia Ayala and Fosten Wilson are learning to build new words to add to their reading vocabulary.

Second Grade: We have been illustrating stories from our readers. Norine Wunsch, Judy McGwinn, Marcia Leamon, Gregory York, Eddie King and Salvadore

NORTH TAHOE

By JUDGE HARRY CHARRISON

What a surprise—another one of our very swell Kings Beach boys has taken the marriage vows—David Trueblood, son of Alta J. Elder of Kings Beach and Loren C. Trueblood of Los Angeles. For the past ten years David has been one of my favorite boys, upright and handsome. He was married to Janice Palmer, daughter of Mr. and Mrs. Raymond Palmer of Tacoma, Wash. They were married in the First Christian Church on January 15 at Tuscon, Ariz., where they will make their home. David served four years as electronic technician in the navy, 1949 to 1953, serving with the Atlantic fleet. He is now employed at the El Dorado Lodge in Tucson. The many friends of Alta and her son, David, wish for them the happiest years possible, may they be filled with love and devotion, and the sea of matrimony be always smooth.

Everybody tries to get into the act. Now of all people, June Mandeville fell and broke her arm at Crystal Bay some days ago. At time of writing she is in the Tahoe Forest Hospital, but will be at home by now, way out at Incline Beach. Drop in and see her, I am sure she would appreciate it.

Walt Mandeville also tells us that White Hills Ski tow is open, and that he, Walter, is an instructor, out there. Lots of fun and there is also a snack bar.

Well, another home in Kings Beach almost went up flames and once again the North Tahoe Fire Control did a wonderful job of stopping what might have been a big fire with no one knowing where it would have ended. It was another case of trying to thaw frozen pipes. The damage was to the home of the Andersons by the lake close to the Hazlet home, and will run around five or six hundred dollars. It is figured out by Max Krueger, fire chief, that the last three fires, had it not been for the firemen and the equipment, could have run into around $80,000 loss.

Saw Fred Baker, who donated the use of a compressor, digging a place to connect a water outlet inside the garage of the fire truck so that water can be readily used for filling tank of the truck. It was remarkable to see the number of men working with Fred to get the connection made and ready to go. This is yet another instance of how a community can work when cooperation of everyone is forthcoming without the asking. By the way, there will, we hope, be another piece of equipment to add to the efficiency of the control pretty soon.

The highway through Kings Beach is gradually widening out as the three big trees in front of McMillen's Liquor are no more. They were a general nuisance, especially in the summer time when parking is at a premium. Henry Graton, assisted by Jack Felte, did a swell job and utmost care had to be used as the trees were surrounded by wires. Some people don't like trees coming down, but where safety is concerned its the wisest thing to do.

Off on a real vacation to Mexico are our old friends, Mr. and Mrs. Al Snyder, and Mr. and Mrs. Tony Donadio of Tahoe City, expect to be gone about a month. Tony has closed his Sky Lodge until May 1, but Al's lumber yard will carry on as usual with Don and Bob doing the honors.

You should see the Tahoe City Post Office all decked out with a brand new floor covering, laid by the pastmaster in flooring, Mike Kanazowich. It is so slick now Oliver Corona says he is applying for roller skates for him and his staff to float around on. Boy, what service we shall get then.

Don't tell me that Audrey Welch had another birthday? Well I guess its right by what I am told by the hundred or less that attended an affair in honor of her birthday at the Crystal Bay Club last Saturday night. I am told it was a humdinger, one that she will long remember we hope it will be followed by many, many more happy ones.

So now its official—Braden's Edgelake Beach Resort at Kings Beach has been sold, as yet we are not acquainted with the new owners.

Now it's Ned Malla that is bragging about the dandy trout that he caught—four in all—in the Nevada waters of Lake Tahoe. We were invited to try them out and I can tell you they were beautiful. For some reason they taste better than those that are caught in the summer time. Maybe it was Ned's mother's cooking.

Just talking to Alice Sorensen and she tells me Andy is about the same but hoping like the dickens.

California's honey production in 1953 was 23 million pounds, 52 per cent under that of 1952.

Son Ray has been at Saufley Field, Fla., and just got through with flying information, and is being transferred to Barin Field in Alabama.

At the Kings Beach Methodist Church there will be adult choir practice. All Scouts and Cubs in uniform, the sermon will be "The Scout Oath." A committee is being appointed to draw up plans for building for the future if you would like to be in this group see or call Rev. Covher.

This is Sunday afternoon and what a delightful day it is, in fact the whole winter has been exceptional—just a fall of snow and then a stretch of nice weather, and good roads. In fact the squirrels have never left us, as I look outside now they are all over the woodpile. If that means anything

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

January 26, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing no less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

North side Hwy. 40, 1 mile east of Norden, California.

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale General (Seasonal Quarterly)

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

TAHOE TOPICS

by JEANNETTE MITCHELL

Friends and neighbors will be very unhappy to learn of the fire that burned the Hut down to the ground, midmorning of Sunday, January 30th. The fire is of undetermined origin and quite a mystery as all switches were pulled and no visible footsteps in the driven snow around the building or leading to the building. The Edgar Meyers, who were living in Reno for the winter, were notified by Herman Tediman, a near neighbor.

Today is the day the Al Snyders of Lake Forest with son, Bob, and Eva and Tony Donadio of Tahoe City leave for a month or two in the sunny clime of Mexico. Making Mexico City their headquarters they plan to tour the byways of Mexico and take in all the sights. This is not the maiden trip for Pearl and Al Snyder and son, Bob, but it will be Tony and Eva's first venture into the land of enchantment.

A nice letter from the Fred Kilners tell us that they have just returned from their trip which took them to Florida and Mexico.

The Howard Guths have already left for their trip a few days ago after making all the home arrangements for caretakers, etc., which is so necessary in these parts. And so our Tahoeites come and go—most all hie to warmer climes.

Mrs. Vera Mosier Veren Villa and Crystal Bay area writes from Hawaii which is their second season in those surroundings. The Howard Guths hope to meet the Snyders and Donadios in Mexico. Bet they'll do a good job wondering what Tahoeites are doing-Happy journey to them all and a safe return.

From Mr. and Mrs. Chas. F. Bailey of Arcadia comes the news from grandmother, Louise Geir, that they now have a wonderful baby boy, weighing seven pounds, ten ounces. All doing nicely. The baby's name is David Alan Bailey. Within a few more weeks, Louise will be heading homeward.

On January 29 there was a food sale at the Village Store, proceeds of which go towards the nursery school equipment. Mrs. Becky Schontz and Mrs. S. R. Glasser have been working diligently on this project along with many of the other mothers and fathers. There should still be more interest community wide or the nursery school will not succeed.

The little ones need some small scale furniture but above all need their floor of the old school house sanded and refinished. In the community getting together to help preserve this old school building they would also be perpetuating the first Tahoe City school which still holds many pleasant childhood memories for many of our citizens. There are many hands ready to make this small scale furniture—all they need is the materials. I'm sure when the community fully realizes the need they will come forth with unstinting donations and help. It is for their own and they have never failed before. Anyone with suggestions or donations kindly contact Mrs. Shontz or Mrs. Glasser.

February 3 will be the date for the Tahoe Women's Club Valentine luncheon starting at 12:30 at the Tahoe Inn. The women will come prepared to play their favorite card game after the luncheon and as always, a good time will be had by all.

The Low XII will have their social meeting February 8, Texas Jacks, Kings Beach.

Mr. and Mrs. John Chaddock of Marysville, were house guests for several days at the C. E. Wilson's of Tahoe Pines.

Ivan Wilson has taken over the caretaker's job of the Methodists Conference grounds at Lake Forest.

And so, my friends, with that choice bit—I leave you this week—sorry I missed you last week—after a tumble down the stairs—I visited Yuba City to have the back adjusted.

Don't forget the Lake Tahoe Sierra Chamber of Commerce board of director's meetnig to be held Friday, February 11, at the Sierra Lodge, Crystal Bay. Please phone in your reservations—it is another one of those highly favored luncheon meetings.

The Tahoe City P.T.A. announces that on February 5, Saturday morning, at eleven o'clock, at Jack and Dinty's market there will be another food sale. Their Founder's Day will be February 17 and at which time the second, third and fourth grades will perform—don't miss this—it should prove one of the highlights.

The March Program meeting will fal on the night of the 18th with a party and folk dancing. Wear dated old clothes to this party. April 21st wil be the P.T.A. potluck luncheon with a bang-up surprise contest in store for you. May 19 Associa Drama for you through your P.T.A., 8 p.m. meeting—5th and 6th grades will preform that night.

SCHOOL NEWS

Continued from Page 3

Cabrera have pictures on the bulletin board. Teddy Daniels, Sheila Larrivee, Skippy Petersen, Kenneth Taylor, Peggy Berger, Mike Ingalls, Danny Haines, and Terry McKurtis copied stories. We are happy to have two new pupils, Stanley Moore and Bryan Ireland.

Third Grade: Those doing supplementary reading and reporting to the class were: Betty Baysinger, Barbara Croxen, Dickie Ingalls and Lielani Braasch.

Fifth Grade: In addition to our regular readers we have been reading in a school news reader called My Weekly Reader. It is a weekly publication designed to help children to read, as well as to impart factual information of current interest.

Sixth Grade: Each member of the class is composing an original story. This is a supplementary reading activity which has grown out of a unit of fantasy tales. Varien Frey, Elethia Marquis, and Timmy Risden have already completed their's. For a review of the current events we have been reading in My Weekly Reader, the group decided to stage a radio quiz program in the classroom. Cynthia Reynolds will be the master of ceremonies.

TAHOE LAKE

Kindergarteners Chris Beavers, Carlinda Stark, Johnny Carnell, Dick Pomin and Jimmy Bechdolt received stars on their paper last week for neat work. First graders who passed our alphabet test were: Dick Nielsen, Jake Obexer, Jeff McLane, Tommy Ruhkala and Peggy Leggett.

Second, Third and Fourth Grades: Our class is working on oral language through the medium of shadow plays. Steve Horvath presented the story of La Brea Pits. A scene from Daniel Boone was given by Bill Gorham.

Fifth and Sixth Grades: We are learning to outline paragraphs by picking out the main thought and then listing the supporting details. Mrs. Roberson is grading us on penmanship and neatness as well as accuracy. The sixth grade is learning to substract unlike fractions and the fifth grade is doing two-number division.

The P.T.A. had its monthly meeting last Thursday. Mrs. Obexer, president, presided and Mr. Dorsey, a representative of the Boy Scouts of America, was the guest speaker. He spoke to the group regarding the Cub Scout program.

KINGS BEACH

Kindergarten and First Grades: Phil Thompson is back in school after a trip to Los Angeles. He

HOTTEST BUICK IN HISTORY
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever in history—topping the popularity that has already made Buick one of the "Big Three."

You can take it over for only $2627.00 * *delivered locally!*

MOST PEOPLE still don't believe it. But it is true.

And when you look into the facts, you'll find these two solid truths:

Buick is one of the "Big Three" in sales volume—and hotter this year than ever before. And Buick is one of the "Big Three" when it comes to prices which make such popularity possible. The price we show here proves it.

So why not get what a Buick has to offer, if you are in the market for a new car?

You find that the dollars you pay for Buick buy you a *lot* more automobile—and the sheer satisfaction that comes with bossing a brawny traveler of this caliber.

You find it in the record-high V8 power that gives life to this spirited performer. You find it in the soft and level and cruiser-steady ride that comes of all-coil springing and torque-tube stability. You find it in the extra roominess, the extra frame strength, the extra tread width, the extra *silencing*—all part and parcel of every Buick.

We could tell you about the little things, too. Things usually charged for as "extras" in other cars, but yours as standard equipment at no extra cost in every Buick. Things like direction signals, oil-bath air cleaner, full-flow oil filter, automatic lighting in glove and trunk compartments—and so on.

But—you get the idea. This is a buy, this '55 Buick—a great buy—*and a thriller from the instant you press its gas pedal.* Come in this week and check things for yourself, won't you?

*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster . . . $81.70; Radio & Antenna . . . $92.50.

Thrill of the year is Buick

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS)—Apparently, the trend of governmental activities during the administration of Gov. Goodwin J Knight will definitely be toward localization of problems, rather than having them brought to the state for solving.

This was made clear by the governor recently when he announced in a press conference that he is not in favor of having the state take over the "smog" problems of any area in California.

His comment was in relation to a bill introduced during the first half of the legislative session, which is not as yet in comlete form, for the Los Angeles area. The bill in brief provides that the state should move on the "smog" problem, appoint and pay administrators and handle the matter through state-wide control.

Conversely enough the measure would retain some local control by having the board of administration all from Los Angeles County. It was this that caused the governor to declare in no uncertain terms, that he is not interested in taking over on a state-wide level, the problems of local governments which have become too ponderous for the local people to handle.

In making his announcement, however, it was understood that the state would continue in its research work and give all assistance possible to not only the Los Angeles area, but to any other area which is attempting to whip the "smog" problem.

The state gradually has been accumulating the problems of local government throughout the years. Some two-thirds of the state's annual expenditures go into the coffers of local government as subsidies from the state, although a great deal of local autonomy is retained.

Perhaps the schools are the most notable agency of government when it comes to state aid Along with the state allocations of nearly four hundred million a year for average daily attendance support, there is the additional aid given local school districts which have bonded themselves to capacity, but still need more funds to keep up with growing numbers of students. The entire state has bonded itself to provide school buildings for these districts.

And along with the steadily increasing amount of state aid, the state department of education, according to surveys made by some local district superintendents, is moving more and more toward a state-controlled school system in California. The governor, of course, has no control over the tsate superintendent of public instruction, who is elected by the people, and who can do just about as he chooses in forcing local school districts to toe the state-fixed mark of conformity.

In addition to schools, there is state aid for beaches and parks, for hosptals, public health, road and highways, and many other items. It is reasonably obvious that the burden of government cannot be handed wholly to the local community, be it city or county, but that in some instances state assistance is both justified and necessarry.

On the other hand, continued resolving of problems through the state government by local government authorities can accomplish little but accentuate the trend toward an eventual centralized government, and this is a trend which not only applies to cities and counties insofar as the state is concerned, but also toward the federal government insofar as the states themselves are concerned.

One of the nation's largest national cemeteries is located in the Presidio of San Farncisco.

Writer Asks For Recognition For Captain Truckee

Attention has been called to the editorial, captioned "Captain Truckee," which appeared in a recent issue of the Oakland Tribune.

The writer has a new insight on an old topic and we repeat it herewith:

Many motorists using Highway 40 over the Sierras have no doubt noticed a towering statue depicting the Pioneer Family, and have wondered how the group came to be there in what is known today as Donner Memorial State Park.

In order to refresh memories, and adding some good news regarding a newly planned statue, Henry B. Collins, recording secretary of Sacramento Parlor No. 3, Native Sons of the Golden West, writes as follows: "The Native Sons of the Gold West had this bronze statue placed there in 1928 at a cost of $26,000. They presented both the statute and the land to the State of California as a gift for all the people to enjoy, recalling the role of the Pioneers in building of great state.

Nearly everyone today refers to this site as Donner Pass, but the Pioneers represented in this memorial called it Truckee Pass, honoring their guide, Captain Truckee, a Paiute chief. The river flowing down to Nevada, and the meadows still bear his name.

Later the Southern Pacific named the town of Truckee.

How is it then, you ask, that the Pioneers should honor an Indian when the movies and TV shows today picture the Indian as a "treacherous red varmint?" The facts are, the Indians guided and helped our Pioneers. It was the "treacherous white varmints" that caused the Indian wars. Many were hung on short notice by white miners' courts after exposing their villainy to their own people.

Of all the Indian guides, none could rival Captain Truckee in the Sierras. Born and raised in the Paiute Nation, he received a heritage of thousands of years of wise ownership. Master of the Sierra trails, he became the chief. He knew the best groves for pine nuts and how to charm the antelope for his tribe. Wise and benevolent in all things, his people called him "Father."

Without a question, it was Captain Truckee who helped the first pitiful white men to come staggering across the desert toward the Sierras.

Church Plans Observance Of Boy Scout Week

KINGS BEACH—Rev. A. B. Covher, district chairman of the Tahoe area, which includes Truckee, says that February 6 to February 13 has been set aside as National Boy Scout Week. All churches through the country have set aside one day, Sunday for services pertaining to this wonderful organization. At Kings Beach a special section will be set aside for Scouts and Cub Scouts when leaders will be recognized and introduced. Parents of the youngsters are requested to be present at the morning service as this especially necessary to give the boys a boost.

Following the service a potluck lunch wil be in order and there will be a discussion on ways and means of formulating a plan for the expansion of the church, and many other important problems also. You are invited to be there and give your ideas, which may be the idea that will put the project over.

An estimated 40 per cent of the industrial output of The Netherlands was exported to other countries in 1952.

Powder Snow On Pack At Tahoe

TAHOE CITY—Prior to the storm which swept in from the west Monday night, to deposit a feathery six-inch cover of powder snow over the area, the Lake Tahoe region has enjoyed nice weather during the past week. Sunday .04 inches of preciptation was recorded in half an inch of snow and a trace fell Monday morning.

The temperature has ranged from a low of 14 last Friday to a high of 41 Saturday and Sunday.

With five gates open, the lake level stood at 6226.18 on Monday morning.

ON COMMITTEE

SACRAMENTO — State Senator Harold T. Johnson, representing Nevada, Sierra and Placer counties in the upper house of the state legislature, was named chairman of the committee on natural resources, it was announced here this week.

Other committees on which the senator will service include: education, fish and game, labor, and local government.

San Diego de Alcala, the first California mission, was blessed on July 16, 1769.

TWO CAR WRECKS REPORTED IN WEEK

Despite rather heavy traffic throughout the region because of the influx of winter sport enthusiasts, only two motor vehicle accidents were reported by the California Highway Patrol during the past week.

Traffic was delayed for a brief time Tuesday when cars driven by Leonard Hackl, St. Paul, and Vincent J. Ertenberg, Oxnard, collided on the Donner Bridge near the summit.

No one was injured. Hackl was cited for failure to yield half the road and not having his car under control.

Ernest Leo Kohl, Truckee, was cited for being improperly parked after his car was struck near Kings Beach. No one was injured. Patrolman Martin Sturcke investigated both mishaps.

Your Chamber Of Commerce

From the President's Desk

This is a call to service—every man owes some service to his profession and his community. Membership in the Truckee Chamber of Commerce will afford you the opportunity to render it. You owe it to yourself—to join with other progressive citizens of this community in furthering the promotion of the general interests of all. Membership in the Chamber of Commerce is open to everybody without distinction of any sort—a democratic instiution in every sense of the word—the town meeting is being restored. Truckee is your town, my town, our town, let's make it a town to boast about. Let's all turn out for our next Chamber meeting, Tuesday, Februray 15, at Brown's Cafe (don't forget—mark your calendar now—"Tuesday, February 15"). For membership dues and information contact Ken Hedlund or our office.

——*

I awoke from a very pleasant dream the other day. It was a warm spring day and I was driving into town from the west; when I was greeted by a very refreshing scene. The roadside and all the streets had been freshly cleaned and many of our buildings had been newly painted; even the Southern Pacific Depot and their various other buildings that adorn our main street had changed color, to a dark green with a light green trim. But then I was only dreaming (but my dream can come true if everybody helps). I would like to hear from anyone who has any ideas along this line. How about a Paint Up Clean Up campaign this spring?

——*

This week we salute the San Francisco Bay Area Federated Ski Clubs who are bringing their annual snow carnival to Truckee, March 5 and 6.

——*

Our Olympic committee will give a full report at our next regular meeting. Remember the date, Tuesday, February 15. Anyone desiring additional folders on Truckee can get them at our office.

——*

Let's help support our community by shopping at home. Remember your City Basketball League plays every Monday and Thursday from 7 p.m.—and some of the games have sure been terrific. Till next week.

—Hal Welch

CHURCH NOTES

Rev. W. H. Osman announces the beginning of a series of sermons dealing with the "Church and World Order." These sermons on world peace and the Christian responsibility will culminate with the Week of Dedication the last week in February. The Week of Dedication is a period which will mark the opening of the Lenten Season.

The Methodist Youth Fellowship is having a Valentine's party on Saturday evening, February 12 in the church. This party will be shared with the Youth Fellowship of the Kings Beach Methodist Church. The MYF in Truckee is starting a series on "The Church and Racial Understanding."

The official board of the church meets on Tuesday, February 8 at the church basement.

A special program is planned by the Women's Society of Christian Service for their regular monthly meeting, February 10 at 1:30 p.m. The topic for the program will be "A Woman and Her Local Church," with Mrs. Hannah Stewart, Mrs. Charles Heller and Mrs. Wesley Osman participating and with Mrs. Eugene Risden in charge of devotions.

Mrs. Roy Slate and Mrs. Harry Barnes will be in charge of refreshments. All interested are invited to come.

Two Young Local Men Serving In Air Force

SODA SPRINGS—Two young men from this area, Robert L. Wofford and Virgil S. Jones, are currently undergoing basic training at Parks Air Force Base, U. S. Air Force.

At the conclusion of their basic training, the two will either be sent to one of the numerous technical or administrative training schools or be assigned to a base where their particular skills are needed.

Both boys attended the Tahoe-Truckee High School and are well known throughout the area. They both entered the service at Phoenix last October.

EXCELLENT BUSINESS OPPORTUNITY: for man to be independent. Must have capital to buy merchandise in large major oil company service station. Exceptional location. See D. Fergus, Union Oil Co., Truckee, P.O. Box 1325. feb3c

SCHOOL NEWS

Continued from Page 4

visited with Wendy Howell who was in our class last fall.

Mrs. Wing invited us to see two movies.

Kathy Chastain has returned to school after spending a few days in Oakland. Our cook, Minnie Wagner gave us a bowl of carrot tops which we planted and are now watching grow.

Second and Third Grades: We are now studying children of other lands. Larry Free has drawn a picture of two Dutch children, Raymon Hill of two Chinese children and Rickey Milsberry of two Eskimos in their igloo. Children who brought dolls from other lands were Janet Mallory, Suzie Lucas, Any Arndt, Dixie Lee Reese and Bobby Ford.

Lerry Hill has been absent due to illness.

Fourth, Fifth and Sixth Grades: Mrs. Charlotte Patnoude, district nurse, conducted a diabetic detection program in our school this week.

Our class won the PTA prize with 22 signatures for our class.

Sheryn Arney has moved with her parents to San Francisco.

Paul Franklin and Arthur Hulbert have been promoted to the intermediate skiing group.

In Orland—

Mrs. Amy Lake has left here to make her home in Orland.

Mother Ill—

Mrs. Nace Firpo returned from Crescent City where she was earlier called by her mother's illness.

Buy House—

Mr. and Mrs. William Campbell have bought the house belonging to Mrs. Edythe Deaton. Mrs. Deaton has taken an apartment at Hotel Truckee.

Broke Leg—

Ron Rau had the misfortune to break his leg while skiing at Tahoe City last Wednesday and was taken to Tahoe Forest Hospital for treatment.

GROUP AT TAHOE MAKES MEET PLAN

TAHOE CITY—An enthusiastic meeting was presided over by W. G. Bruener of Oakland, at the Tahoe Inn, Tahoe City, last Friday, when an influential group of citizens met to prepare and plan for the Olympic games, which it is hoped will be held at Squaw Valley.

It is the idea to formulate a plan whereby engineers may be brought from Europe and this country to lay plans and select sites where the different sections of the games can be held. Officers of the group were named and no stone will be left unturned to put over this gigantic project for the good old U.S.A.

Chairman of the group will be Roy Mickleson; secretary, Gladys Rhom of Placer County Chamber; Co-treasurers are Dutch Blaisdell of the Bank of America, and Harry Rosenberry of the Placer County Bank.

Members of the committee at present are Wallace Bruener, James Dobas, and Dick Boyd. A. E. Abbott and Gene Jarvis attended from Kings Beach. It is up to everyone not only in this area but the whole country to put their shoulders to the wheel and bring this great event to our shores.

When the engineers have the plans ready they will be turned over to the representative who will lay them before the committee in Paris in June, so there is no time to lose, we must do it now Let's go get it.—Harry Charrison

Returns From Bay—

Mrs. T. Thatcher of Carnelian Bay returned this week from Menlo Park where she enrolled her daughter, Sherry, in school.

At Office—

Mrs. K. Baker has been employed as nurse in the office of Dr. L. D. Nelson, replacing Mrs. Nelson who has been ill for the past several days.

From where I sit ... *by* Joe Marsh

A Winner Every Time!

Last Friday at our big basketball game with Centerville I sat next to a fine-looking old man. Centerville had things their way the first half — and he cheered every score they made.

But our boys began to catch up. Then Stretch Brown put us in the lead with a long set shot, —and I noticed that the old fellow was now rooting for *our* side. "What team are you for, anyway?" I demanded.

"Neither," he replied. "I've got my own team. I figure *any* kid that does a good job out there is on my team. Root for the individual like I do—and you'll always back a winner!"

From where I sit, maybe it is a good idea to keep our eye on the individual, instead of automatically grouping him on teams you're "for" or "against." We're all individuals at heart, with our likes and dislikes—our right to prefer tea to coffee or beer to buttermilk...our right to "blow the whistle" when anyone tries to regiment us.

Joe Marsh

To Honor Official

Summit Temple No. 79, Pythian Sisters, will welcome Edith Welch, district deputy grand chief, at the next regular meeting on February 10, when she makes her official visit. Edith Pfaendler and Alice Spratt will have charge of refreshments and Icalene Kohl will preside.

Farrar Away—

F. A. Farrar, formerly of Truckee, is now working in Comptonville.

Sale Of Edgelake Beach Property Is Announced

Sale of the Edgelake Beach resort at Lake Tahoe for $111,500 is disclosed in documents filed with Clayton Goodpastor, county clerk at Auburn.

C. E. Braden sold the property to Mr. and Mrs. Earl M. Berendsen and Mr. and Mrs. Earl Ellison.

A supplementary document filed by the seller guarantees a gross business of $70,000 to the buyers in the first two years of operation.

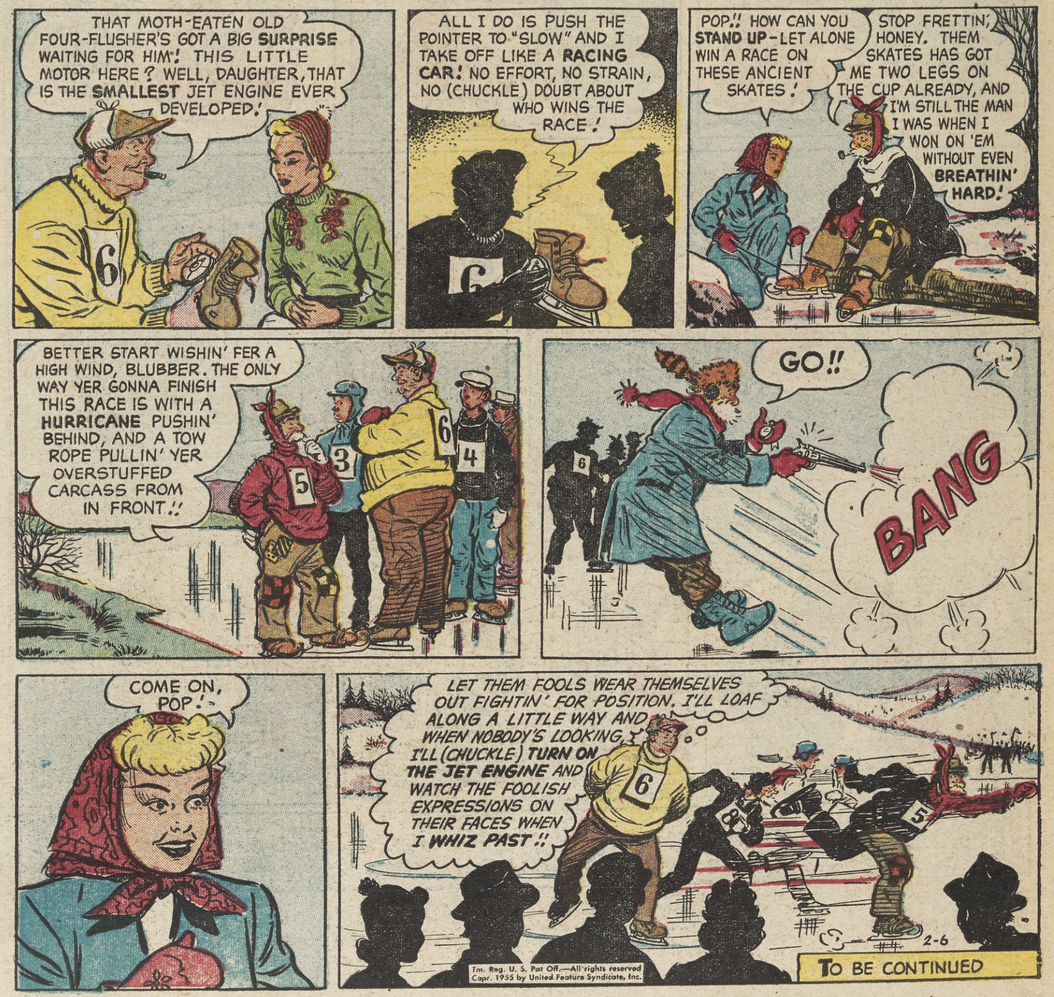
ALL SET FOR THE ANNUAL CRABTREE CORNERS ICE-SKATING MARATHON, DADDY?
AM I!! THIS IS THE YEAR JASPER HAGSTONE TAKES THE WIND OUT OF THAT WINDBAG, BATHLESS GROGGINS!! HE'S WON THE LAST TWO RACES - AND IF HE WINS TODAY, HE GETS PERMANENT POSSESSION OF THE CUP! IF HE WINS !!



THAT MOTH-EATEN OLD FOUR-FLUSHER'S GOT A BIG SURPRISE WAITING FOR HIM! THIS LITTLE MOTOR HERE? WELL, DAUGHTER, THAT IS THE SMALLEST JET ENGINE EVER DEVELOPED!
ALL I DO IS PUSH THE POINTER TO "SLOW" AND I TAKE OFF LIKE A RACING CAR! NO EFFORT, NO STRAIN, NO (CHUCKLE) DOUBT ABOUT WHO WINS THE RACE!
POP!! HOW CAN YOU STAND UP - LET ALONE WIN A RACE ON THESE ANCIENT SKATES!
STOP FRETTIN', HONEY. THEM SKATES HAS GOT ME TWO LEGS ON THE CUP ALREADY, AND I'M STILL THE MAN I WAS WHEN I WON ON 'EM WITHOUT EVEN BREATHIN' HARD!
BETTER START WISHIN' FER A HIGH WIND, BLUBBER. THE ONLY WAY YER GONNA FINISH THIS RACE IS WITH A HURRICANE PUSHIN' BEHIND, AND A TOW ROPE PULLIN' YER OVERSTUFFED CARCASS FROM IN FRONT!!
GO!!
BANG
COME ON, POP!
LET THEM FOOLS WEAR THEMSELVES OUT FIGHTIN' FOR POSITION, I'LL LOAF ALONG A LITTLE WAY AND WHEN NOBODY'S LOOKING, I'LL (CHUCKLE) TURN ON THE JET ENGINE AND WATCH THE FOOLISH EXPRESSIONS ON THEIR FACES WHEN I WHIZ PAST!!
